The Vintage Deluxe Jazz Tone amp is inspired by Bob Crook's Standel 25L15 amplifiers from the 1950s. With a unique tone circuit and a class A power amplifier, this amp delivers vintage clean warm valve sound, ideal for jazz guitar but not bad for blues and classic rock. All tube reverb and a Weber NeoMag™ 15" speaker.

### Specifications:

Gain, Bass, Middle (Contour), Treble, Volume, bright switch, jazz/rock switch

Reverb Dwell and Mix controls, long or short reverb tank.

Class A amplifier with GZ34 valve rectifier:

KT66 or 6L6GT                    25 watts

EL34 triode                        20 watts

Class AB amplifier with GZ34 valve rectifier:

KT66/6L6GT/EL34            45 watts
